## II. BACKGROUND

3. *Legal Framework.* Section 1.2105(c)(1) of the Commission’s Rules provides that, subject to specified exceptions, an applicant for a Commission auction may not convey certain information to other auction applicants during the “quiet period” which commences on the deadline for filing a short-form application and terminates on the deadline for winning bidders to submit their down payments.<sup>9</sup> This “Prohibited Communications Rule” applies to any communications by an applicant that conveys, in any manner, the substance of its own, or one another’s, or any applicant’s bids or bidding strategies. Although a statement that an applicant has applied to participate in the auction will not violate the rule, an applicant’s public statement that it intends to stop bidding in an auction or that it does not intend to place bids could give rise to a finding of a section 1.2105 violation.<sup>10</sup>

4. As explained in the *Auction 105 Procedures Public Notice*,<sup>11</sup> section 1.2105(c)(4) requires any applicant that makes or receives a communication that appears to violate section 1.2105(c) to report such communication in writing to the Commission immediately, and in no case later than five business days after the communication occurs.<sup>12</sup> Each applicant’s obligation to report any such communication continues beyond the five-day period after the communication is made, even if the report is not made within the five-day period.<sup>13</sup>

5. *Factual Background.* Auction 105 involved the auction of 22,631 county-based Priority Access Licenses (PALs) in the 3550-3650 MHz portion of the 3.5 GHz band, frequently referred to as the *Citizens Broadband Radio Service*. The deadline for filing short form applications for Auction 105 was 6:00 p.m. ET on May 7, 2020.<sup>14</sup> Bidding in the auction began on July 23, 2020 and ended on August 25, 2020.<sup>15</sup> The deadline for winning bidders to submit their required down payments was 6:00 p.m. ET on September 17, 2020.<sup>16</sup>

6. Router12 Networks LLC is a Limited Liability Company registered in the state of Iowa.<sup>17</sup> Router12 was an applicant in Auction 105.<sup>18</sup> On June 17, 2020, Ryan Malek, CEO of Router12, posted a statement on the Wisp Talk Facebook Group page indicating that Router12 did not intend to place any bids in the auction. Malek's initial post asks: "Anyone else giving up on the CBRS PAL auction and focusing on RDOF instead?"<sup>19</sup> Another member of the group replied to the post, stating, "At this point, you either filed the short-form for CBRS PAL auction and can't talk about it, or you missed the deadline."<sup>20</sup> Mr. Malek responded "Right...and I'm walking away from the short form filing, the point of the post."<sup>21</sup> This Prohibited Communication was seen and timely reported by at least one other Auction 105 participant. Router12, however, failed to report this Prohibited Communication to the Commission and thus apparently violated section 1.2105(c)(4) of the Commission's rules.<sup>22</sup>

7. On March 26, 2021 the Bureau issued a LOI to Router12.<sup>23</sup> Router12 filed its response to the LOI on April 4, 2021.<sup>24</sup> On April 30, 2021, the Company informed the Bureau that it engaged counsel to represent Router12 in this matter. On May 13, 2021, counsel for Router12 formally requested settlement negotiations with the Bureau and provided an opening settlement offer.<sup>25</sup> During the course of this investigation, Router12 demonstrated a limited ability to pay a civil penalty. This settlement is a result of those negotiations. Router12 and the Bureau enter into this Consent Decree and agree to the following terms and conditions.

### III. TERMS OF AGREEMENT

12. **Admission of Liability.** Router12 admits for the purpose of this Consent Decree and for Commission civil enforcement purposes, and in express reliance on the provisions of paragraph 11 herein, that its actions violated section 1.2105(c) of the Rules<sup>27</sup> by engaging in and failing to report Prohibited Communications as described in paragraph 6.
